Since 10 Years, FUTUR.E.S is Part of the Major Events created to promote the French and European Technological World. Created by Cap Digital, this Event is the Voice of an Entire Ecosystem involved in Innovation at the Service of Society, Individuals and the Environment. Today, Technology is embedded in Everything we do, impacting the Way we live, work, and experience the World. Technological Innovation affects all Aspects of our World, from Agriculture to Transportation to how we communicate with each other.

FUTUR.E.S Event (lasting June 13 To June 14, 2019) will explore the Broad Impact of Innovation on Society and what Enterprises can do to help ensure that Technology Innovation furthers Societal Growth. Technology is now firmly embedded throughout our Everyday Activities, sometimes to a Degree where Digital becomes Invisible, blurring the Lines with the Physical World... The world is reimagining Itself not just around Digital Innovation, but, by extension, around the Companies that provide those Services.

When we think about 2050 it seems like it is ages from now and we imagine a Completely Different World, but in Reality, it is just 30 Years from Now and we can already know what will be Possible to have by that Time. We have a lot of Environmental, Social Problems and let's see how Technology may solve them by 2050. Ray Kurzweil (The World's Foremost Futurist) predictions are such as the following : Nanobots will plug our Brains straight into the Cloud, People Reincarnation through AI, AI will become a Positive net Job Motivator, IoT Technology will change Product Designs, Space Tourism : a Week in Orbit, Self-Driving Cars will make driving Safer, Charge your Iphone with the Power of a Plant, Ocean Thermal Energy can take us to 100% Renewable-Energy, EU will face a Shortage of 800,000 IT Workers by 2020, Drone Solution for discovering Untouched Places, Half of Current Jobs in the World are unlikely to exist in 2050...

FUTUR.E.S Festival (Free Access For Everyone during Two Days) will enable Visitors to :

- Discover Over 80 Innovatives Demos selected for their Emergent, Sustainable Character and their Technological Excellence. Some Exclusivities are proposed during that Event.
- Interactive Summits mixing Workshops, Conferences and masterclasses... Anchored in Reality (80 Conferences & Workshops in Different Locations).
- Experience the Event as the reflection of the World Diversity and the Place of Collective Commitment. Citizen can debate on Technology, Users feedback Devices, in Situ Experiments...
